

Administrators and District Presidents,

The FMA continues the lodge competition raising funds for the Moosehaven AAA Project. There are four separate divisions determined by lodge membership. This “per capita” competition will run through December 2023. The Administrator and President of the lodges with the highest per-capita in each division will receive complimentary accommodations for three nights, registration, and a banquet ticket for the 2024 Midyear Conference. In addition, the top three in each division will receive plaques to be proudly displayed in your lodge.

Attached is a spreadsheet showing AAA contributions through February. This sheet will be updated monthly and posted on the FMA website. The spreadsheet can be sorted or filtered in any way desired by using the built-in buttons in the column headers. The ranking in each division can be seen in the right-hand column.

To receive credit in this competition, lodges should **make checks payable to Moose Charities, earmarked ‘Moosehaven AAA Project.’** *Please* don’t make checks payable to the FMA or mail them to the Association, as mailing them directly to Moose Charities will ensure your lodge receives proper credit toward your total annual giving and this association competition.

The FMA has committed \$750,000 to this project, so we thank you in advance for supporting the AAA and this program.

District Presidents, please review this info and announce during your meetings where each lodge in your district stands. We hope doing so will further encourage lodge contributions, even if not winners of rewards.

Dan O'Neal
FMA Secretary
